#### **Abstract of Proposed Collection**

The information collected on the DS-4283 is used to facilitate the issuance of passports to U.S. citizens and nationals in the continental United States with imminent travel plans who hire private courier companies to deliver their applications and other material to one of fourteen domestic passport agencies located in the continental United States. The Department asks courier company employees to complete the DS-4283 for each service type and submit the form with passport applications and other material delivered in bulk to passport agencies in a designated drop-off box. Passport agencies use the form to track the submission of applications that a courier drops off. The form serves as a record of receipt of passport applications and other documents submitted to the Department and as an acknowledgment of who delivered them. The DS-4283 is part of a Department effort to facilitate the delivery of passport applications and other documents by private courier companies while maintaining the integrity of the passport application process.

### **Methodology**

This form is used to track the processing of passport applications and other documents delivered in bulk to passport agencies by private courier companies. Courier employees are asked to attach the form onto sealed envelopes or packages containing passport applications and other documents which they deliver in bulk to designated drop-off facilities at one of fourteen passport agencies for processing. A PDF fillable form will be available to download from <https://eforms.state.gov>.
